STRIKE IS SETTLED

Street Car Men in Pittsburg Will Resume Work Today.

SOME RIOTING YESTERDAY

Service Was Completely Tied Up and Efforts at Settlement Had Been Abandoned For the Day. Terms of the Agreement.

(By Wire to the Morning Star.)

Pittsburg, Pa., June 28.—A settlement was effected at a hastily called conference of Union men and Car Company officials at a late hour tonight at Mayor Magee's office. The cars will be put in operation at 5 o'clock tomorrow morning.

Pittsburg, Pa., June 29.—Twelve hours of parley between Mayor Magee and the striking motormen and conductors after 6 o'clock tonight is naught. As expressed by the Mayor, the situation remains unchanged.

The two day old strike already bears signs of bloody results. Riots have broken out in more than one car barn during the day. At two places shots were fired between officers of the city and county and what are alleged to have been union sympathizers. To date no one has been wounded.

Two county detectives missed death by a narrow margin in the afternoon, however, when a crowd around the Rankin Street car barns set upon 14 strike breakers. The officers attempted to pacify the fighting men. The crowd devoted their attention to the officers and after beating them unmercifully dragged them to a high bridge over a ravine near the car barns and threatened to throw them over the rail if they refused to promise to keep out of the clashes between the strike breakers and the friends of the strikers. The timely arrival of the police saved the officers from probable death.

Rioting reached the downtown section early in the afternoon. A crowd around the Herron Hill car barns placed obstructions on the car tracks in the shape of piles of lumber when it was rumored that cars would be taken from the barns by non-union crews. The police dispersed the hooting and hissing mob and removed the timbers from the tracks.

Reports of activity on the part of the union pickets also filtered into the police station all during the day. All of the police force of Greater Pittsburg, numbering over a thousand men, are constantly on duty augmented by special deputies sworn in last night and today by the sheriff of Allegheny county.

Not a car was in operation today with the exception of a United States mail special. Strike breakers are said to be arriving from Baltimore, Philadelphia, Cincinnati and New York. The men are to be housed in the barns of the car campany.

SEVERE STORM IN NEW YORK.

One Killed and Several Injured—Ten Deaths From Heat in Chicago.
(By Wire to the Morning Star.)

New York, June 28.—The second of a series of rolling local thunderstorms broke with the vengeance of a cloud burst late this afternoon. The downpour and the accompanying electrical display lasted but 15 minutes but in that time it was responsible for the death of one man and the injury of several persons, while hundreds of city streets were turned into rivers and cellars flooded.

At the Polo Grounds the ball game was about to be called when the storm broke. As the 5,000 fans rushed for shelter, a blinding flash struck the flag pole in centre field, smashing the upper portion of the staff into slinters and tearing down the pennant flag which the Giants won in 1905. When the rain ceased the diamond was a lake and the game was postponed.

In Brooklyn John Freeman tried to put out a fire which had been started by lightning in a pile of rubbish around an iron telephone pole. Freeman threw a pail of water on the fire and fell back dead, killed by the electricity which traveled back to him by the water from the pole. In another section of Brooklyn a woman was struck by lightning and seriously injured.

Washington, June 28.—"The heat wave is on its last lap and tomorrow will mark its end in the Atlantic States." was the optimistic forecast of Weather Bureau officials tonight.

In Washington an unusually high percentage of humility linked with high temperature produced great suffering, two deaths and nine prostrations being the day's record.

Chicago, June 28.—Ten deaths superinduced by heat, were reported to the Chicago police today. Numerous cases of heat prostrations were cared for at various hospitals.

A cooling breeze swept over Chicago tonight and brought relief.

OUTLOOK FOR COTTON CROP

Detailed Report by States Shows Decrease of 9.7 Less Than Last Year. Yield Only 75.6—Condition in Sections.

(By Wire to the Morning Star.)

Memphis, Tenn., June 28.—The report of the National Ginners' Association gives the average and condition of cotton up to June 24th as 7.6. There has been an abandonment of acreage of 7 per cent. according to the report, making the total acreage 9.8 less than last year.

Detailed reports by States: Alabama, condition 7, acreage abandoned 14 per cent.; crop very grassy in nearly all sections; plant small and from two to four weeks late.

Arkansas, condition 76; acreage abandoned four per cent.; crop very good in west and north; very grassy and small elsewhere; boll weevil in 24 counties worse than last season; some fields being abandoned on account of them.

Florida, condition 90; very little loss in acreage; most sections good.

Georgia, condition 79; acreage abandoned five per cent.; crop grassy; most sections not all chopped yet; plant generally small and from one to three weeks late: some complaints of lice and blackrot.

Louisiana, condition 56; acreage abandoned 13 per cent; some sections very good shape, but so many weevils they are destroying all the squares as fast as they form; much cotton being abandoned or planted in something else on this account.

Mississippi, condition 61; acreage abandoned 13 per cent.; plant generally small; poor stands and grassy.

Missouri, condition 86; very little loss in acreage; crops late but good.

North Carolina, condition 77; acreage abandaned 4 per cent.; crops grassy in most sections and some 2 to 3 weeks late.

Oklahoma, condition 90, acreage abandoned one per cent.; reports from nearly all sections very good.

South Carolina, condition 78, acreage abandoned four per cent.; some few sections reported good conditions but most of them report fields as grassy and not all chopped yet, plant small and from 2 to 3 weeks late.

Tennessee, condition 77; acreage abandoned 7 per cent.; crop small and grassy.

Texas, condition 80; acreage abandoned 5 per cent.; principally in the dry section where the rains came too late; condition north and east Texas best in years, but weevils are reported more numerous than usual, and this fine prospect may be changed in a very short time. South Texas had plenty of rain, plant generally small and from 4 to 6 weeks late. Weevils reported in large numbers doing damage already. West Texas still very dry except four counties, some places have had no rain in six months. With plenty of rain this section will produce from fifty to sixty percent of a crop.

EASTMAN AND VICTIM

Theory Mrs. Woodill Was Murdered to Prevent Exposure.

A COMPROMISE VERDICT

Curtain Drawn on Sensational Murder in Maryland With Final Sitting of Coroner's Jury—The Theories Advanced.

(By Wire to the Morning Star.)

St. Michaels, Md., June 28.—With the compromise verdict of the coroner's jury that Robert Eastman either killed, or was accessory to the murder of Edith May Woodill and the declaration of State's Attorney Taylor that he was through with the case, the strange dual tragedy which has for nearly a week focused the eyes of the entire country upon this little out-of-the-way hamlet of Maryland's famous eastern shore became a closed incident today.

Four of the 12 jurors who listened to the testimony at the opened inquest refused to sign the verdict until the words "or accessory to the crime" were added to the draft, which approved by the majority, bluntly accused Eastman of the murder. None of the four dissenting jurymen would say that any other person than Eastman was responsible for the girl's death. They merely wished to protest, they said, against the manner in which the inquiry was conducted, declaring that much available evidence was not adduced.

The jury sat for a time today in the lonely bungalow itself, within sight of Eastman's unmarked grave not 50 feet away. Mrs. Eastman had visited the place earlier in the day and had stood dry-eyed for a time beside the new-made mound. Some one with illjudged humor had planted a tomato vine on the grave. Mrs. Eastman, thinking the vine a native flower, asked what it was. No one had the temerity to tell her. She stood by the grave until at last a convulsive shudder shook her shoulders. Then she was led away.

No one was seen about the bungalow on the Sunday when Mrs. Woodill was slain. There was absolutely no evidence that anyone other than Eastman could have been responsible for the crime.

And the final theory of the authorities is this: That Eastman was in need of money; that he probably had been getting money from Mrs. Woodill for some time; that he undoubtedly knew something of her past life and that he had been blackmailing her; that he attempted to continue his practice and that the woman rebelled, intimating that she, too, had found out certain things about Eastman and that if driven to it would expose him.

An interesting development of today was the finding of the scraps of a torn letter in the cracks of the bungalow floor. Little of sense could be made from the fragments of the letter, but the writing was identified as that of Mrs. Woodill. The letter evidently was about the visit of some one to some place to be "chaperoned or not as she saw fit."

There was talk today of having an analysis made of the contents of the bottle found in the shack on yesterday and which is believed to have contained narcotic drugs which may have been used upon Mrs. Woodill prior to her murder. But the analysis was regarded as uncertain in view of the finding of the jury and the coroner remarked that the county had already spent enough money upon the lamentable case.

Mrs. Eastman was granted letters of administration today and all of her husband's real estate and personal property will be turned over to her. She will go back to New York soon and return to the stage.

DEBATE ON TARIFF

Senate Closed Consideration of Schedules Early Yesterday.

DISCUSSION LASTED 70 DAYS

Bagging Placed on Free List But Ties Will Have to Pay Duty—Corporation and Income Tax Proposition.

(By Wire to the Morning Star.)

Washington, D. C., June 28.—After seventy days of almost continuous debate, the Senate at 3:45 P. M. concluded its discussion of the schedules of the Payne-Aldrich tariff bill. Five minutes afterwards the Senate adjourned for the day to permit the slight preparation possible in so short a time for the debate on the corporation and income tax questions, which begin soon after the Senate convenes tomorrow morning at 10 o'clock.

The early adjournment afforded the tired Senators a little much needed relaxation from long hours in the overheated Senate for the purpose of witnessing the airship's contests and others going to the ball game at American League park. Senator Aldrich was among those who went to Fort Myer. He has been greatly interested in the fights made by the Wright brothers and very much desired to see their machine in action. Those who went to Fort Myer were disappointed, however, for owing to an unfavorable wind no fight was attempted today by the Wrights.

Mr. Aldrich told some of his friends that he would take a few days off duty for a water trip of some kind if it develops that the discussion of the income tax is likely to be an extended one. In this event Senator Flint will take charge of the bill and Senator Root, who, aided Attorney General Wickersham in drafting the corporation tax amendment, will take charge of that measure. There has been some discussion of postponing the income tax and the corporation tax amendment until the next regular session, but this suggestion has not met with favor. Senate leaders take the position that a movement of this character would embarrass President Taft.

It is now expected that only one vote will intervene between the assembling of the Senate tomorrow and the taking up of these questions of internal taxation. Senator Tillman has pending an amendment providing for a tax of ten cents a pound on tea, and it is believed that this provision will not lead to further debate. No intimation has been given of other amendments and the discussion probably will be shifted immediately from the tariff to the internal revenue, and it is understood that the opening speech will be made by Senator Cummins, of Iowa, in support of an income tax amendment as a part of the tariff bill in contradistinction to the movement for a corporation tax and an independent resolution looking to the imposition of an income tax through the instrumentality of a constitutional amendment. The Finance Committee's income tax constitutional provision was presented today and as the corporation tax amendment was introduced some days ago, both are now before the Senate in regular order.

Today's proceedings consisted of a general and final clearing up of the passed-over provisions in both the dutiable and free lists of th tariff bill. Cotton bagging and cotton ties, and incidentally binding twine, occupied much of the Senates time. Early in the day Senator McLaurin moved to place bagging on the free list, and contrary to the general expectation the motion prevailed. The Southern Senators were however, not so fortunate with cotton ties which they also desired to have made free of duty. Senator Culberson proposed the change in ties. He came within seven votes of winning, the vote standing 31 to 38.

The present duty on ties is one-half a cent a pound, while the pending bill fixed the duty at 3-10 of a cent a pound. Mr. Culberson, who offered the amendment, declared that 99 per cent. of the benefit of the duty on cotton ties is reaped by the Steel Trust. Senator Aldrich replied that these ties should be made in the South. After a prolonged debate concerning the terms on which the cotton planter sells his product, the Culberson amendment was defeated 31 to 38. The Republicans who voted with the Democrats for the amendment were Beveridge, Bristow, Brown, Clapp, Crawford, Cummins, Dupont, Johnson, Lafollette and Nelson. In the course of a plea for free ties, Mr. Smith of South Carolina, charged that the South had been discriminated against in this matter. Closing he said: "The time will come when we will come into our own and we will remember our friends."

Southern Senators today ineffectually endeavored to take long staple or Egyptian cotton off the free list and to place upon it a duty of four cents a pound, which Senator Bacon, the author of the amendment, declared was a revenue duty only.

As a means of revenue, he said that 210,000 bales of Egyptian cotton imported into the United States annually should not be overlooked.

Mr. Bacon estimated that the low duty proposed by him in 10 years would bring into the treasury $40,000,000. The fact that this class of cotton is used in the making of laces, and high grade goods, on which the duties had been increased in the pending bill Mr. Bacon said was an assurance that the duty would not add to the prices of the articles made from the long staple product.

Senators Taliaferro and Fletcher, of Florida, declared that the people of their State wanted the duty on long staple cotton and Mr. Taliaferro admitted that they wanted it for the protection of the Sea Island cotton industry. By a viva voce vote the amendment to remove long staple cotton from the free list was repected.

The duty on structural iron and steel valued at more than nine-tenths of a cent a pound was increased from three-tenths to four-tenths of a cent per pound, being an addition to the House rate of one-tenth of a cent. The rate on steel of a lower value was left unchanged. On zinc in pigs there was also an addition of half a cent a pound over the House rate of one cent.

Ineffectual efforts were made to have school books, salt and Egyptian cotton placed on the dutiable list. Senator Bacon, who offered the amencment for a duty on cotton, said that at the same rates placed on wool cotton would produce a revenue of $9,000,000 a year. He proposed four cents a pound. Senator Tillman also declared that by the adoption of his ten cent rate on tea another $9,000,000 could be added to the Treasury receipts.

TILLMAN SPOKE FOR TARIFF.

To Protect South Carolina's Tea Industry—A Vote Today.
(By Wire to the Morning Star.)

Washington, June 28.—An earnest speech in favor of a tariff on tea to protect the South Carolina tea industry was made today by Senator Tillman, who declared that there was in his proposition for a duty of ten cents a pound on this product $9,000,000 of revenue and $1,200 of protection.

Addressing himself to Mr. Aldrich as the embodiment of the United States Senate, Mr. Tillman was interrupted by the Rhode Island Senator who suggested that there were some things that ceased to be jokes. "He is the Senate of the United States and he knows it," replied Mr. Tillman. Mr. Aldrich made no further reply.

STAND PAT ON OIL TESTS

Claims of Counsel for Oil Trust Found Untrue—Postoffice Roobery—Teachers' Training School to Open—News Notes.

(Special Star Telegram.)

Raleigh, N. C., June 28.—Finding untrue the claim of counsel for the oil companies that the government has a flash test for illuminating oils, the State Board of Agriculture makes a final order for the State test to be 100 Fahrenheit, flash, effective July 1st with the new law.

Representatives of the Standard and subsidiary companies had made it appear at former hearings that the test as prescribed by the Board was onerous and not effective but before letting it go at that, Dr. Syme, State Oil Chemist, was sent to Washington to determine exactly what were the tests required by the U. S. government. It is now decided to apply the Fahrenheit test and the Standard and others who sought to evade the rigid tests or defer the operation of the law will have to come to time, which is regarded a big victory for the independents.

Leaving no clue behind a burglar broke into the West Raleigh postoffice during the night and carried away $6 and a quantity of stamps and a revolver belonging to Miss Huntington, clerk in charge of the office. The office is close by the A. & M. College.

The president and trustees of the East Carolina Teachers' Training School decide to open October 5th, when the capacity will be 250. The purpose of the new institution is to train teachers for the public schools.

The Greensboro Law Library (Inc.) received a charter today for the establishment of a law library there for the use of the members of the bar. There are five incorporators but it is understood that practically every lawyer in Greensboro will be interested. The incorporators are E. D. Broadhurst, E. J. Justice, W. P. Bynum, D. P. Stern, and R. C. Strudwick.

With the issuance of the $500,000 State bonds July 1st, there will be brought sharply to issue a question that is now causing the State Hospital Commission and the Council of State considerable trouble in an effort to get together. It is the matter of whether the whole of the $500,000 shall be expended in the work of the Hospital Commission, or whether there shall be the payment of $31,000 of the amount in payment of obligations incurred by the hospital at Morganton and that at Goldsboro without the sanction of the Commission for equipping new buildings in order to avoid having the buildings stand idle for a year or more until the Legislature could meet and provide funds for equipment. This indebtedness for the State hospital at Morganton amounted to $20,000 and for the Goldsboro hospital $11,000.

Ineffectiveness of Wysong in the box for Wilmington and a medley of costly errors gave the first of the series with Raleigh on the grounds of the latter to the Red Birds yesterday afternoon by the score of 7 to 3 in a rather ragged exhibition by both teams.

Wilmington put two men across the plate in the first inning after the hardest kind of luck but in the 3rd a couple of hits and a series of errors gave the near-champs four tallies that were never overcome to say nothing of three other runs chalked up before the fireworks were over.

In the first Hemp was safe on error of centrefield but was forced at second by Nichols, who stole second and advanced to third on a neat single to right by Smith, who also stole second; Brodie then hit to short and Nichols was caught at the home plate, with two down. "Handsome Harry" Levy was then up and laced out a beautiful one to deep centre and Smith and Brodie scored. Sharp retiring the side to first unassisted. For Raleigh Hart fanned. Crozier got a safety to centre, Haas walked and both were sacrificed by Hoffman, but Brumfeld swung ineffectually at three of Wysong's twisters while his team mates died on bases.

In the second after Jayes flew out to left, Kite was safe on catcher's muff of third strike and was sacrificed by Wysong. Hemp then hit to pitcher who threw wild and all hands were advanced a base, Kite on third. Nichols ended the hope of further runs by a long fly to centre. For Raleigh Dawson was safe on error of Wysong, Wright then bunted to Wysong who threw wild to first and Dawson took third and Wright second. Wysong pulled himself out of the hole when Pope was out second to first and Hart fanned.

Smith led the third with a single to left and Brodie flew to right, but the same "Handsome Harry" again swatted the sphere opportunely, this time for a couple of cushions to left, scoring Smith; Sharp sacrificed; Jayes retired the side by fanning. Crozier started the merry-go-round for Raleigh by hitting to third too hot to handle; Haas was safe on error of second; Hoffman drew a pass; Brumfeld hit to short, who threw wild and Crozier and Haas scored; Dawson then hit to left for two bases, scoring Hoffman and Brumfeld; Wright bunted to pitcher who fumbled; Rowe sacrificed him; Pope hit out to first unassisted; Hart walked, but Crozier was out third to first.

Both teams were out in order in the fourth. Nichols led the fifth with a single to centre, Smith was safe on error of pitcher and both were sacrificed by Brodie but Levy and Sharp fanned in succession. For Raleigh, Dawson was out second to first, Wright walked and stole second. Rowe sacrificed but Pope was out short to first.

In the sixth after Jayes flew to centre and Kite was out third to first, Wysong surprised even himself by singling to centre and was later caught asleep at first. Raleigh broke up the game finally in her half when Hart got first and went to second on wild throw of Wysong; Crozier bunted safely and went to second but Hart was out at home; Haas bit safely to Hemp and stole second; Hoffman bunted to Wysong and Crozier scored; Hoffman stole second and Brdmfeld hit to left, scoring Haas and Hoffman, Brumfeld out trying second; Dawson flew out to right.

After two were down, Smith hit to centre for two bases but Brodie was out third to first. Wright, for Raleigh, flew out to right; Rowe walked; Pope flew out to left; Hart was safe on error to short, Rowe being caught and out between second and third.

Levy flew to second on sensational catch; Sharp was out to first unassisted, Jayes singled to centre and stole second; Kite walked but Wyson retired the side with a hit to short and out at first. Raleigh was out in order except Hoffman who singled to right but was caught trying second. Wilmington was out in the ninth, Hemp

NEW TRUNK RAILWAY.

The fact that the Atlantic Coast Line and the Norfolk & Western Railroad is to complete 90 miles of the projected Southbound Railroad, and connect their lines on the northward and southward means that we are to have a new trunk line in this part of the country. The significant features are that it will be a competitor of the Carolina, Clinchfield and Ohio Railroad into the coal regions, and will ultimately constitute another through line to the Northwest. North Carolina comes into a big share of the benefits of this new railway, as it places several of the State's important cities and towns on the trunk line, and gives them as well as the ports of Wilmington and Charleston a new entry into the coal regions. The Charlotte Observer thus discusses this new and signally important move on the railroad chess board:

"With definite assurances that the projected Southbound Railroad between Winston-Salem and Wadesboro will become a reality in consequence of the Atlantic Coast Line and the Norfolk & Western jointly taking hold, railroad developments in this section increase their already huge importance enormously. The new road will form the only link now needed between the West Virginia coal fields and deep water at Charleston, and it also involves, in the near future, a more or less direct connection with the great lakes. Not only will Winston-Salem and Wadesboro and the country between them profit by this road but its benefits will be widely diffused over piedmont and southeastern North Carolina down to the port of Wilmington. Through Cheraw, Darlington and Florence the Coast Line already runs from Wadesboro to Charleston. The Carolina, Clinchfield & Ohio's splendidly built road through the mountains has already made the Seaboard connection for Charlotte and Wilmington and is now striking through South Carolina. These important lines from transmontane coal fields will cross the Seaboard about 150 miles apart, with Charlotte conveniently between.

"The Charleston News and Courier, declaring that the new plans 'will practically make over Charleston,' and that 'Charleston's day has dawned,' rejoices in the prospect (a Southern Railway extension westward included) of "three trunk lines from the ocean at Charleston to the lakes.' For the latest line it comes down to figures:

"The distance from Charleston to Wadesboro is 242 miles, from Wadesboro to Winston-Salem 80 miles, and from Winston-Salem to Roanoke 122 miles, or about 442 miles from Charleston to Roanoke. According to The New York Sun, the Norfolk and Western and the Atlantic Coast Line will build the road between Wadesboro and Winston-Salem jointly with the intention of making Charleston the great coal distributing point of the Southeast and of making a short line from Charleston to Cincinnati and points West. The road between Wadesboro and Winston-Salem, which is to supply the missing link, will be built by the Coast Line and the Norfolk and Western jointly upon such easy grades and with such heavy rails that it will be able to take care of the largest traffic.'

"Congratulations, Winston-Salem, Wadesboro, Charleston—everybody!"

THE DRUMMER MEDIUM DEAD.

The Charlotte Evening Chronicle thus refers to the death of a gentleman who was well known in Wilmington and throughout North Carolina:

"So George Letford will come along no more. He was a welcome visitor in every newspaper shop in the State and was unique in that he did business in a way that no other man does. There was no foolish beating around the bush about the matter of circulation. Letford always knew the circulation of the paper he was dealing with and hardly ever asked about it. He would show his copy, tell what he wanted and ask what the editor would do it for. If the price sounded a little steep, Letford would suggest a figure and the contract would be soon signed. If the growing influence of a paper justified a rise in the contract price, Letford would give it without haggling. His success as an advertising contractor and his popularity among the newspaper men of the country led to his promotion. Only last fall he was given a limited territory, at less time and more pay—a handsome testimonial by his employers to his worth. His visits have always been an annual pleasure. That they are now but memories and not anticipations is cause for regret that will be felt by every newspaper man who knew him."

Individually speaking, we share the sincere and deep regret which the Chronicle expresses over the fact that George E. Ltford has dropped out of this earthly territory. He was wont to come along at regular intervals to talk advertising for H. E. Bucklen & Co., of Chicago, whose medical preparations have become so widely known that no well regulated family can afford not to have them on hand for every emergency. George was quiet and unobtrusive but he was strictly business. There was an even flow to his temperament and he always carried a level head. His rudder always worked good and he steered himself aright. There was a quiet, unwavering geniality and sincerity about the man that made friends out of everybody. Outside this newspaper shop he counted his friends by the score, and we all knew the kindly man as the "drummer medium." They will all sorrowfully miss him, and especially will the Star staff.

The Governor of Missouri has signed the bill prohibiting marriage between white persons and Japanese, Chinese, or other persons of color. New York will see the point in its yellow race issue.

The corporations and business interests in Georgia seem to be almost as glad that Governor Hoke Smith is down and out as they were when President Roosevelt gave way to President Taft.

The Republican party is not standing on its platform planks in several instances. Republicans seem to be all pretty much agreed when they want to "shut the other eye."

A New York paper says Senator Depew "advises marriage." People who take his advice may live to learn that Senator Depew didn't know it was loaded.

Some men stand on the political platform, some don't understand it, and some can't stand for it. "Many men of many minds."

Some people can't stand for it because some politicians won't stand on the platform.

CURRENT COMMENT.

—Prohibition seems to have driven the Georgians to drink. The State is collecting annually $250,000 from the near-beer tax.—Jacksonville Times-Union.

—What a commentary on something is the remark of a newspaper of standing in the country "the worst feature of the Elsie Sigel case is that if they catch that Chinaman he may tell what he knows." Who knows but what the family of the murdered girl, for this reason, has the secret hope that her murderer will not be captured—Charlotte Observer.

—"If anybody else wants a street car franchise in Concord," says the Charlotte Chronicle, "now is the time to speak out." You're too late, Colonel Harris; Salisbury has already secured this franchise, and within a very few months we will have annexed this beautiful little cotton mill city. Salisbury will sympathize with Charlotte in the loss of her most valuable suburb.—Salisbury Post.

—After the November election The Observer stood alone in the expressed belief that Bryan must of necessity be the Democratic nominee in 1912. That was because The Observer's forecast followed from radically different premises from those of its contemporaries; it has always believed—and most intensely—that the rejection of co-operation with the Populists by the North Carolina Democratic convention of 1898 was a fatal error. The masses of the Democratic party neither expected nor desired this action, and they were astonished at it.—Fayetteville Observer.

—Experts say it is time that Peary had reached the pole, and some of them are indulging in the guess that he has done so. But there will be no telling if he has succeeded until he returns to Norway. He did not take a wireless outfit with him and will have to be the bearer of his own message to the lines of communication connecting with the outside world. Meanwhile, the season has reached the point where he has already done all that he will be able to do this year. If he hasn't reached the pole he will have to wait until next Spring before making another dash.—Savannah News.

—The Wilmington Star suggests Mr. D. A. Tompkins, of Charlotte, as a man fitted in every way as Minister to China, and adds that he is "financially able" to take the place as well. We are not personally acquainted with Mr. Tompkins, but our judgment from what we know of him is that he would appreciate the honor, but decline as quick as he could get hold of a pen and ink. Mr. Tompkins, we should judge, is a man of business, not that he is always "on the make," neither is he in the business of throwing money in a rat hole. And above all he is not what is somqtimes known as a "band wagon" man—one who is forever after notoriety.—Greensboro Record.

TWINKLINGS.

—She—How old do you think I am? He—I don't know, but I'm prepared for the worst.—St. Louis Times.

—"Would you marry a man to reform him?" "Not before I was at least 35 years old."—Chicago Record-Herald.

—Him—Could you learn to love me in time? Her—Perhaps. Call tomorrow night, will you Charlie?—Cleveland Leader.

—Hopeful—Say, dad, what is a matrimonial bureau? Dad—Cupid's mill end bargain counter, remnant sale, mail-order house.—Judge.

—"I'll never speak to you again." "Now that's a nice way for a woman to talk to her husband, isn't it?" "Well, I won't!" "Never?" "Well, not till pay day, anyhow."—Houston Post.

—Mrs. Hopper—It's just as much economy for me to pay $25 for a hat as for you to pay $20 for a fishing trip. Mr. Hopper—How do you make that out? Mrs. Hopper—I get something for my money.—Boston Herald.

—"Did you ever discover in the course of your illness that you had any true friends?" "I should say yes. Lots of them come to see me, and not one suggested a remedy different from what the doctor was using."—Buffalo Express.

DEATH OF COL. JOHN C. HASKELL

Son-in-Law of Gen. Wade Hampton Stricken With Apoplexy.
(By Wire to the Morning Star.)

Columbia, S. C., June 26.—Colonel John Cheves Haskell, soldier, planter, legislator and financier, grandson of Langdon Cheves and son-in-law of Wade Hampton, died today at his home in Waverly, a suburb of this city. He suffered a stroke of apoplexy last Friday. Colonel Haskell and his brothers were for years the chief figures in the State politically, but since their faction, variously called the aristicrats or conservatives, was deposed by the reform movement led by Senator Tillman, neither has engaged in politics. Colonel Haskell's second wife, a daughter of Frank Hampton, survives him, with four children by his first wife whose father was Wade Hampton. The children are Preston Haskell, of Mineral, Va.; Frank Haskell, of Macon, Ga.; Dr. Charles Haskell, of New York City, and Mrs. Annie Lindsay, of Charleston.

To Ailing Women

A Little Sound Advice Will Help Many a Sufferer in Wilmington.

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the secretions when the kidneys are well, are retained in the body when the kidneys are sick. Kidneys and bladder become inflamed and swollen and worse troubles quickly follow. This is often the true cause of bearing down pains, lameness, backache ,sideache, etc. Uric poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills, a remedy that cures sick kidneys. You will get better as the kidneys get better, and health will return when the kidneys are well. Let a Wilmington woman tell you about Doan's Kidney Pills.

Mrs. J. E. Marshburn, 516 Castle St., Wilmington, N. C., says: "I suffered a great deal from backache and pains through my loins. Headaches were also frequent and the kidney secretions passed irregularly. I always felt tired and languid and little like doing my housework. Doan's Kidney Pills, which I procured at Robert R. Bellamy's drug store, cured me and improved my health. I am willing to have my name used in endorsing such a reliable remedy."

For sale by all dearers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

—A moonlight excursion under the auspices of Bladen Street Methodist church will be run on the steamer Wilmington this evening. It will be among the banner moonlight trips of the season. The fare will be 25 cents and the boat leaves at 8 o'clock.

—New 22-inch policemen clubs were given out last night to the 32 patrolmen of the city police force. The clubs were made in Cincinnati and were purchased through J. W. Murchison & Co. of this city. The officers are well pleased with the new fighting sticks.

—An excursion from Gastonia will be operated to Wilmington on July 20th under the auspices of the Junior Order of that place. It will be a three-day trip the excursionists leaving on the 22nd. The excursion will be managed by Mr. S. B. Norris, of Gastonia.

—Mary McDuffie, colored, was arrested yesterday morning on the charge of burning up a hat belonging to Hester Carr, colored, who swore out the warrant. The defendant was sent to jail. The hearing will be before Justice Bornemann this morning.

—The annual meeting of the North Carolina Firemen's Association and Tournament will be held in Asheville July 5th, 6th and 7th. It was learned last night that about ten members of the local fire department expect to attend the meeting. It is understood that owing to the distance the firemen will not carry any apparatus.

—Josiah Martin, colored, was arrested at Wrightsville Beach yesterday afternoon by Deputy Sheriff Howe on the charge of breaking into the home of Henry Bordeaux, colored, on June 10th, and stealing a watch, two pairs of shoes and a pair of pants. The defendant went to jailin default of $100 bond for his appearance before 'Squire McD. Evans at 9:30 o'clock this morning.

—George Washington, a small colored boy, was tried before Justice Bornemann yesterday afternoon on the charge of larceny of two coats from Carl Washburn, a white boy. The prosecutor claimed that he gave a negro boy 30 cents to go to a Chinese laundryman and get two white coats belonging to him and that the boy failed to return. He could not positively identify the lad and the case was dismissed.

—The Star has "first cotton blooms" from a ten-acre lot of fine cotton made on Excelsior Plantation by Mr. J. K. Ormsby, of Rocky Point, and from a field of the staple cultivated by Mr. W. G. Dempsey, of Wrightsboro, this county. Mr. Dempsey says the crop is looking fine and that if the farmers around Wrightsboro would plant a few acres in cotton every year, it would pay them a good profit. The lands, he says, are excellent for growing the fleecy staple.

The Market for "Cukes."

There was a sharp break in the cucumber market in Philadelphia upon heavy receipts from North Carolina and Virginia, shipments from East Wilmington alone having amounted to five car loads. Cukes sold yesterday at 55c on a glutted market. Norfolk shipments brought only from $1 to $1.15 per barrel. While sales at 55c per crate are remunerative to some extent, for fear there will be a still further break, shipments of cukes from this territory have been discontinued.

MRS. LOSSIE MYERS DEAD

Died Very Suddenly Last Evening While on Her Way to Home of Physician—Cast Gloom Over Entire Community.

The entire community was shocked and saddened upon the death of Mrs. Lossie deRosset Myers, relict of the late Capt. Charles D. Myers, and daughter of the late Dr. Armand J. deRosset, who died very suddenly at 8:45 o'clock last evening of acute indigestion and apoplexy. The news of her death spread over the city very rapidly and hundreds of friends called to offer their condolence to the members of the grief-stricken family.

Mrs. Myers was in her usual health until last evening when she had an attack of indigestion and had started to the home of Dr. T. S. Burbank, 15 South Fifth street, across the street from where she resided, to get him to prescribe for acute indigestion, and when the sudden summons came she had just stepped off the pavement in front of the Williams residence. Mr. Duncan M. Williams, who was sitting on the front porch, noticed her when she toppled and went immediately to her side. She was dead when he arrived. The body was tenderly borne to the residence of the deceased in the Carolina Apartments, Fifth and Market streets.

Mrs. Myers was born and reared in Wilmington and was a member of one of the oldest and most prominent families in the State, being Miss Lossie deRosset before her marriage to Captain Charles D. Myers in November 1858. Captain Myers preceded his wife to the grave a number of years, having passed away in October, 1892. The deceased was prominent in both church and social circles of the city and State, being a devoted member of St. James' Episcopal Church and one of the most active members of Cape Fear Chapter, United Daughters of the Confederacy. She was modest and retiring in disposition and the many things she accomplished was done in a quiet and unassuming way. She did much to aid the old soldiers during the conflict between the States, having in the army a husband and six brothers, and after the close of the war she did not forget those who wore the grey and fought for the Southland.

Mrs. Myers was a sister of Col. William L. deRosset and Captain Armand L. deRosset, of this city. The children surviving are: Mrs. Geo. P. Cotchett, of Athens, Ga., who was here on a visit to her mother; Mrs. Tom Jones, of Asheville; Mr. Frank Myers, of Charleston, S. C.; Mr. Armand deRosset Myers, of New York; Miss Carrie K. Myers, of Wilmington; Mr. Gaston Myers, of Durham; Mr. Chas. D. Myers, of Wilmington, and Mr. Tom Myers, of Charleston, S. C.

The funeral arrangements had not been made last night, advices from the children being awaited, but the services will probably be held Wednesday.

DOG CATCHER IS OUT.

Started Yesterday Morning in Search of Collarless Canines.

Dog Catcher Todd started out yesterday morning with his cart and woe be to the collarless canine. The dog catcher will canvass the entire city and any dogs found without a collar, which shows that the annual tax has been paid, will be put in the cart and carried to a place provided for them at the rear of the city market, where they will be kept for 20 hours in order to give the owners time to redeem them by paying the tax. If the tax is not paid at the expiration of the time the dogs will be killed.

Assaulted Wife With Fork.

With blood gushing from a fresh wound in her shoulder, Mary Burrell, colored, rushed into Recorder Furlong's office at 5:30 o'clock yesterday afternoon and asked for a warrant for her husband, whom she said had stabbed her with a table fork, following a dispute. Recorder Furlong had gone to Carolina Beach and the necessary paper was issued by Justice George Harriss. Deputy Sheriff Howe went to the home of the combatants, in Wallace alley, between Third and Fourth streets, but Burrell had gone. The woman was not seriously wounded. She said that she had her husband up last year for trying to kill her.

Screech Owl Heard in the City.

The harsh shrieks of a large screech owl in a tree in the yard of Marsden Bellamy, Sr., Esq., 611 Market street, Sunday night, disturbed the slumbers of the members of the family and several others in the neighborhood. This is the first time a large owl is known to have made its appearance in the city. As is known poets and story-tellers introduce the owl as a bird of ill-omen and quite a few felt uncomfortable when they heard the cries of the bird in the stillness of the night. No one has explained the bird's appearance in the city.

BISHOP'S RETREAT ENDED.

Ministers Heard Address on Emmanuel Movement—Leave Today.

The concluding session of the Bishop's Retreat, which has been in progress at Wrightsville Beach since last Tuesday was held yesterday morning, when the ministers heard an address from Rev. Mr. Batchelor, of Boston, on the Emmanuel Movement. He handled his topic excellently and was cordially received by the ministers, who manifested much interest in what he had to say on this subject.

The ministers attending the Retreat assembled with a large congregation at St. John's Episcopal church Sunday morning for the ordination service, when Rev. N. C. Duncan was formally ordained to the Episcopal ministry. The service was most impressive, the ordination being by Rt. Rev. Robert Strange, Bishop of the Diocese of Eastern Carolina. The sermon at this service was preached by Rev. John B. Gibble, of Windsor, and was a very fine discourse.

On Sunday evening a service was held at the chapel on Wrightsville Beach with sermon by Rev. Claudius F. Smith, of Elizabeth City. It was an able discourse and the service was well attended. The ministers leave for their homes today, after a most pleasant and profitable gathering here.

Mr. Boswell Bereaved.

Friends of Mr. A. E. Boswell will tenderly sympathize with him in the death of his infant daughter, Annie Ruth, which occurred Sunday, following only a few weeks the death of another child. The funeral was conducted yesterday morning from the family residence on Harnett street by Rev. Geo. S. Bearden, pastor of St. Matthews' Lutheran Church, and the remains were laid to rest in Bellevue.

Picnic at Armour Saturday.

A picnic attended by about 300 people, quite a few of the number from Wilmington, proved a day of much pleasure, at Armour last Saturday, the feature of interest in the afternoon being a baseball game between Armour and Bolton, the former winning by a score of 16 to 4. In the evening a basket supper was served and dancing was participated in with music by the Armour String Band. The picnic was much enjoyed by all present.

Dr. Osborne at St. James.

Rev. Dr. Francis M. Osborne, of Charlotte, who is spending a month at Wrightsville Beach, occupied the pulpit at St. James' Episcopal Church Sunday morning and evening and was heard by large and attentive congregations at each service. Dr. Osborne will occupy the pulpit at St. James' each Sunday during his stay here. He has preached to this congregation before and is always heard with an unusual degree of interest.

The fourth annual meeting of the North Carolina Architectural Association adjourned yesterday morning and practically all of the visitors left yesterday afternoon for their respective homes. At the closing session officers for the ensuing year were elected, the mid-winter meeting place chosen and a number of matters of importance to the organization were discussed.

A number of the representatives of the supply houses made interesting addresses, among whom was Mr. H. DeW. Rapalje, representing the Southern Map Company, of this city. His remarks in explanation of the work of his company were received with manifest interest by the members.

Mr. Joseph F. Leitner, of Wilmington, was chosen president for the second time. Mr. Frank Thompson, of Raleigh, was elected vice president, and Mr. Franklin Gordon, of Charlotte, secretary and treasurer. The following were elected as the board of directors: Messrs. O. D. WILL REMODEL STIEFF STORE.

Extensive Improvements on Building Used by Music House.

Mr. J. W. Wilson, the local manager of the Stieff Music House, 213 Princess street, announced yesterday that extensive improvements will be made on the building occupied by his firm, the work on which will begin about the first of August, under the direction of Architect Bonitz, owner of the building. Mr. R. L. Steele, the Southern manager, recently renewed a long lease for the first floor.

Owing to the constantly increasing business of the firm the changes and improvements in the building are made necessary. Since Mr. Wilson took charge of the business here as manager some time ago it has increased in a remarkable degree and he expects a still greater increase when the improvements in the store are made.

The front is to be re-arranged and a handsome plate glass, specially adapted for displaying the elegant pianos manufactured by Stieff, will be put in. The new floor will be of rift pine, stained, waxed and polished, the ceiling will be of metal and the rear of the store will be separated by handsome grille work, affording a cosy little parlor where patrons may go and try the instruments in privacy. It is the intention of the management to have the interior decorations in keeping with the handsome exterior of the building as well as to make a suitable background for the instruments.

The improvements will necessitate a reduction in the large stock as the work could not proceed very rapidly if the limited space is crowded with instruments. The beginning of the Fall season will find the local music house in one of the most attractive piano salesrooms in the South and a much larger stock than ever will be carried.

THEIR ANNUAL EXCURSION.

Operated Over Seaboard for Sunday School—Starts From Hamlet.

The annual excursion for Sunday Schools from Hamlet and intermediate points on the Seaboard Air Line has been announced for July 9th and will doubtless bring a large crowd to Wilmington. Last year this excursion brought 1,700 visitors. For this trip there is only one place excepted, Lumberton, from which place an excursion will be run later on.

This is considered one of the largest and best excursions that annually visits Wilmington and Wrightsville and has always proved a fine outing for the Sunday Schools and gives them the advantage of a select crowd. The train this year will be in charge of the well known and popular Seaboard conductor, Capt. J. C. Jones and Mr. H. S. Leard.

STATE BAR ASSOCIATION

Convenes in Asheville This Week. Wilmington Wants Next Meeting.

At the annual meeting of the State Bar Association this week in Asheville, Wilmington, through the Chamber of Commerce, will make an effort to land the next meeting of the Association. Messrs. Iredell Meares and T. W. Davis, the latter the secretary of the Association, will be present from this city. The Association met at Wrightsville Beach some four years ago. It is understood that there will be several other cities of the State that will try for the next convention. The matter is usually left with the executive committee, and this being the case, will not be decided upon before January.

Crowds at Carolina Beach.

Sunday at Carolina Beach, in the way of crowds, was one of the biggest days of the season, and on her three trips down the river to the beach and Southport the steamer Wilmington carried over 600 passengers. The extreme hot weather in the city made it especially comfortable at the beaches. The Columbia orchestra gave a fine concert Sunday afternoon.

Doings at Lumina.

Today at 4:45 P. M., there will be a concert at Lumina by the Lumina Orchestra. An excellent programme has been arranged and will be found published in another column. An exceptionally large crowd listened to the concerts on Sunday, which were probably the best given this season. The free dancing class will have its session tomorrow afternoon instead of today, and the hour will be from 4 until 5 o'clock. There is no doubt as to the popularity of these dancing classes. They are largely attended.

Arthur L. Royster, chief clerk to Superintendent Williams, of the Columbia (S. C.) Division of the Southern Railway, was drowned early today in the Columbia Canal by the capsizing of a boat.

THE RECORDER'S COURT

Case Against Fred Harris Continued Indefinitely—Other Cases.

On account of the absence from the city of the prosecuting witnesses, Messrs. R. L. Washburn and Thos. B. Washburn, the former a traveling salesman and the latter a resident of Shelby, the case against R. F. Harris, charged with forgery, was continued in the Recorder's court yesterday morning until such time as one or both of the Washburn's are here to testify. The defendant, who has been at the James Walker Memorial Hospital for treatment, was in the court room with his brother, Mr. Thos. B. Harris, of Lincolnton, who signed the appearance bond for $200.

Wallace Myers, colored, was found guilty of stealing a pistol and coat and vest from Cornelius Evans, colored, and was given a term of 12 months on the county roads. He asked the Recorder if he could not change the sentence to a fine to which the Recorder replied in the negative.

John Davis, colored, was convicted of carrying a concealed weapon, and fined $15 and costs. A case against Eugene Pearson, colored, for disorderly conduct was dismissed.

EXCURSION FROM CHARLOTTE

The seventh annual excursion of the Pritchard Memorial Baptist Church Sunday School, Charlotte, will be run to Wilmington today, the train arriving in the city about 3:30 in the afternoon. Many of the visitors will go directly to the beach, where special rates have been secured at The Tarrymoor and The Seashore Hotels. The Charlotte Observer says that the committee in charge of the arrangements for the outing is looking for as large and enthusiastic a crowd as on either of the previous excursions.

One of the special features will be a trip down the Cape Fear and out to sea on the steamer Wilmington Wednesday, the boat leaving the wharf at 9:30 o'clock in the morning. The train will leave Wilmington, returning to Charlotte, Thursday morning at 9:30 o'clock.

LOUIS CARTER ARRESTED.

Will be Tried Today for Shooting Thomas Reynolds.

Louis Carter, colored, who shot and dangerously wounded Thomas Reynolds, colored, at the home of Lillie Eagles, colored, corner of Chesnut and 12th streets, on the night of May 21st, and who has been dodging the officers ever since, was arrested at Wrightsville Beach, where he was at work, yesterday afternoon, by Deputy Sheriffs Howe, Piver and Branch.

Carter gave $100 bond with E. M. Green, colored, as surety, for his appearance before Justice Bornemann for trial at 10 o'clock this morning. Geo. L. Peschau, Esq., has been retained as counsel for Carter.

It will be recalled that Reynolds and his wife had a falling out and the woman went to the home of Lillie Eagles to live. On the night of May 21st Reynolds went to the Eagles woman's home to see his wife and get her to return with him. When he entered the room he found Carter and the two women, and he charges that Carter shot him. The other witnesses say that Reynolds shot himself. The ball entered the right side and penetrated the liver and has not been located. The wounded man was able to leave the hospital last week, but is still in bad condition.

BRIGADE ENCAMPMENT

Advance Guard Leaves Thursday—Battalion on Friday Morning.

The First Battalion, Boys' Brigade of America, Colonel Walker Taylor commanding, will leave Friday morning for its annual encampment at Southport and members of the command are looking forward to the outing with much pleasure. An advance detail in charge of Lieutenant Price will leave Thursday morning to have the camp in readiness. These encampments have been so beneficial in the past, that it is expected that all employers of the Brigade will not hesitate a moment in allowing their employes this brief respite from their labors. After a week's thorough discipline and training, it has been found that the boys return to their work capable of much better service the entire year and it is short-sighted business policy for an employer to quibble over the question of allowing the men the time for this encampment. The outing promises this year to be larger and more beneficial than ever.

SPIRITS TURPENTINE

—The owners of automobiles in Salisbury will organize a club for mutial benefit and pleasure.

—A company is being organized at Salisbury for the purpose of handling live stock on a big scale. A number of substantial citizens have already subscribed stock.

—Elizabeth City, June 27.—The missionary societies of the First Baptist church have taken upon themselves the undertaking of raising money to assist in building a church at Swan Quarter, Hyde county, and various schemes will be resorted to to raise the funds.

In Charlotte on Saturday, J. B. Jones, who had once been an inmate of the State Assylum for the insane, cut his throat with a knife. He sharpened in the presence of his wife only a few minutes before he committed the deed but she had no suspicion of his rash act.

—Fayetteville, N. C., June 26.—Mr. A. G. Worth, of New York, was here today to inspect the double oak doors and memorial windows being placed in St. John's Episcopal church, these being gifts from Mr. Worth as memorials to his wife, who was Miss Lizzie Anderson, of Fayetteville, and his relative, Miss Maggie Mallett. Mr. Worth left today for Wilmington to visit his father, Mr. B. G. Worth, who is 88 years of age.

—Salisbury, June 27: Engineer Hinton, of the Southern, has engaged counsel to bring suit against the Salisbury and Spencer Street Car Company for ejectment from a car yesterday. Mr. Hinston was coming from Spencer to Salisbury to take out the western passenger train and tendered a $20 bill to the conductor, who could not make the change. After offering to get it changed in Salisbury and pay his fare later, the engineer allowed himself to be put off. Another engineer was secured to take Mr. Hinton's run and his train was not delayed long in leaving. He immediately sought counsel to have suit entered against the street car company.

—In Charlotte on Saturday Miss Mildred Kauffman, daughter of Mr. and Mrs. B. F. Kauffman, was found by Mrs. Kauffman, tied hands and feet, and gagged and in an unconscious condition, at the home of the parents on East Seventh street. The young woman who is a step-daughter of Mrs. Kauffman, was staying at home, No. 306 East Seventh street, while Mrs. Kauffman had gone out calling and shopping. Mrs. Kauffman remained away from home perhaps two hours, and returning not long after 11:30 o'clock she entered the house, and chancing to walk into the room was horrified to find her step-daughter apparently dying, and with her hands and feet tied tightly, and her mouth gagged, and her condition withal appearing most critical. Mrs. Kauffman gave the alarm at once and neighbors responded in haste and the young woman was untied and laid out on a bed, while friendly hands ministered to her wants. Those in attendance also summoned physicians with great haste, and three were soon at the house, and an examination of the young girl was instituted. The examination revealed no signs of an assault and from the appearance of things about the house, robbery was the sole intent, although no article could be missed from the house. Every trunk and bureau drawer in the house had been ransacked and the articles which were contained in them were scattered pell mell about the house. A negro committed the deed.

—Durham, N. C., June 27.—Because he was put off a Seaboard Air Line train, on which he was stealing a ride, Solomon Shepard, a negro, according to his own confession made here today, shot and killed Engineer Holt. The crime was committed last December, but the negro was arrested only a few days ago in Columbus, Ohio, where his connection with the case was first learned through his protestations of innocence of it. The police had taken him in custody on another charge. In his confession today, Shepard said he was returning to Durham from Efland, nineteen miles away after a visit to his sweetheart, when the killing occurred. He said he remained in Durham until six weeks ago. Shepard spent all of yesterday reading his Bible and "getting religion," and when Dr. N. M. Johnson entered the jail to minister to a sick prisoner, he called him to the door of his cell and laid bare the facts in the mysterious murder. Shepard said that on the night of the tragedy he was kicked off a train by a brakeman and was in search of the brakeman to kill him when he found him with several other men on the cap talking with Engineer Holt. Crawling nearer the engine, he raised his gun and fired, the shot striking the engineer. He then walked up the track and seeing a light in the Greenberg house, shot at it "just to scare somebody." It was this latter incident that had much to do with the arrest of Eben Barbee, who had had trouble with the Greenbergs, and who is now in jail charged with the murder of Holt. Shepard says that he was here at the time of Barbee's arrest and remained here until about six weeks ago. He denies that he had a white accomplice in his crime. On the strength of the negro's confession. Barbee's attorneys will tomorrow ask for their client's release.

Why Is Sugar Sweet?

If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth, but do dissolve readily in the acids of the stomach. Is just as good for Grown People as for Children. The First and Original Tasteless Chill Tonic. The Standard for 30 years, 50c.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, June 28.—The cotton market had another very sharp advance today establishing new records for the season, with the close firm at a net gain of 15 to 21 points. The market opened firm at an advance of 1 point on July; generally 6 to 10 points higher, in response to steady cables, bullish private crop reports, and a continuation of the aggressive bull support noted Saturday. At first July was held back by he circulation of notices, but it soon became evident that there was a demand for all contracts offered, and that position firmed up with the rest of the list.

Realizing was extremely heavy around the initial figures and, in spite of near month firmness the market sagged off five or six points during the late forenoon with the set-back encouraged by better weather south, an idea that progress had been made toward discounting a bullish July bureau, and natural tendency to anticipate a reaction following such a report addvice as recently experienced. There was little or no bear pressure, however, and after the market had absorbed realizing sales to an estimated extent of fully 200,000 bales, the upward movement was resumed accompanied by even greater activity and excitement that had been noted previously since the advance started. Some of the biggest trade in this were buyers of the near months, and there was a general demand for late months, but after selling up to 11.66 for December realizing again set in and later fluctuations were irregular.

The close was within 2 or 3 points of the best. Southern spot markets reported early were unchanged to 1-8 higher. Houston reported the receipt of the first bale of Texas cotton and private advices from Georgia stated that the new crop would begin to move by August 10; July notices were estimated at 75,000 to 90,000 bales.

Receipts at the ports today were 3,682 bales against 6,867 last week and 8,891 last year. For the week 30,000 bales, against 33,505 last week and 57,236 last year. Today's receipts at New Orleans 1,522 bales against 2,246 last year.

Spot quiet, 20 points higher, middling uplands 1,2000, middling gulf 1.125; sales —

THE DRY GOODS MARKET

(By Wire to the Morning Star.)

New York, June 28.—Semi-annual clearance sales in the jobbing houses gave an appearance of activity in the dry goods market at the opening. Purchases were not large and jobbers made no push to sacrifice values. The cotton goods market is very strong, a further advance of 1-4c a yard being noted in demins and other minor advances were made. Yarns opened firm with a light business done. Raw silk is firm, but is now being bought freely from the new crop. Dress goods request from jobbers for fall delivery.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, June 23—The period around July 1 is one traditionally of quiet stock trading. This normal tendency was emphasized by several additional circumstances which combined to throw the market into a state of stagnation not approached for many months past. The torrid heat of last week drove many usually active participants in market operations away from Wall street, and with the prospect of a short week to follow with the closing of the stock exchange next Saturday as well as the following Monday already decided on, there was little incentive to take up activities. After the first hour the market was practically idle. Confidence is unimpaired that the July money settlements will offer no factor of disturbance and money markets remained in the soft and yielding state that has characterized them for some time past. Engagement of $2,000,000 gold today for shipment to Europe was in spite of show of growing abundance of money in foreign markets, which lowered the discount rate today both in London and Berlin. Promise of continued money abundance is a strong factor in keeping alive expectation of future speculative activity.

Bonds were steady. Total sales, par value, $4,647,000. United States bonds were unchanged on call. Total sales today were 330,700 shares.

New Players For Locals.

It was learned yesterday that Catcher Ross, last year with Wilmington, had been secured by Manager Gwaltney and is expected in Raleigh this week; also that Pitcher Ashton, of the Richmond, Va., team, had been purchased and would also come at once, and that two Amherst college players, one of them a shortstop, had been furnished with transportation by telegraph yesterday. Ashton is said to be a great pitcher and was chosen by the local management in preference to Bussey, who was last year with Wilmington, now with Richmond.

Great Game at Fayetteville.

Fayetteville, N. C., June 28.—A hit batsman, a stolen base, an infield out, and a timely single won today's game for Fayetteville with two down in the ninth, Schumaker was hit, stole second, went to third on Guerrants out, and scored on Streaser's sting to centre. Thorpe, the Carlisle Indian, scored Rocky Mount's tallies by a home run with Sorrell on first in the fifth. With the exception of this inning the visitors did not reach second. Waymack struck out 8, of the 15 men who faced him. Schumaker's brilliant leaping catch of Libby's drive was wildly applauded. Score:

Goldsboro Wins.

Goldsboro, N. C., June 28.—Goldsboro batted Lane at will today defeating Wilson 11 to 2. Features for Wilson were a double play and Cooper's triple sacker. For Goldsboro Doak's two singles and a double; Zanelli's two singles and a triple and three fast double plays with the flawless fielding of the entire team featured. Score:

Goldsboro	305	000 21x—11	14 0
Wilson	000	002 000—2	7 1

Batteries: Otis, Finn and Fulton, Lane and Holt; umpire Accorsini; time 1:50; attendance 900.

VAPID VOLLEYS.

Phew!

Please pass the antiseptic!

As Bill says: "It smells to heaven!"

Are we peevish? You're durn tootin'!

What fills our eyes with tears? Wyzong!

"Enough to make a perfect lady mad!"

Somebody's certainly due a Tablet in the Hall of Blame!

A sort of batfest; but the error column speaks louder than words.

Just a little mistake in not having a Health Officer attached to the team.

Mr. Hemp affiliated with Wysong in playing the heavy roles in yesterday's tragedy.

The bags, during Raleigh's sessions, were as populous as a Roman street on an ancient fete day.

Wysong and Hemp had beter go in training at a baby rack until their whippers get down to normal.

The news of Sexton's exodus was about as pleasant to the Fans as drawing a rat-tail file across a sore tooth.

It was moving day for Raleigh, as Lefty walked the Birdies so fast it assumed the regularity of a lockstep.

Rocky Mount was beaten by Fayetteville, so guess we'd better make ready to lend Brodie and a few others to that aggregation.

"It's a long Lane that has no turning," and the Wilson one was got to going in all directions by the Goldsboro Giants.

Nichols is fast developing into one of the strongest of the Sailors in batting, bunting, and base running as well as fielding.

Good Luck, Sex, Old Man! We'll give you the glad hand—and what's more, the Big Noise—when you come here for the week-end.

Levy, Smith and Nichols seem to have done the batting for Wilmington, while Crozier and Hoffman attended to Raleigh's heavy sticking.

What you know about Wysong's batting rally. Single; check! Sacrifice, check! And even went so far as to hit the ball the other two times he faced the heaver.

The Tobacconists couldn't do better than make smoke-rings up to the 8th when Otis was relieved by Finn, they afterwards managing to pluck two runs from the latter's dealing.

We understand Catcher Ross, Ashton, a pitcher from Richmond, and a shortstop from a Northern college will soon be wearing Sailor uniforms. All we've got to say is, the sooner, the better.

The fans were filled with consternation to learn that the Local Management had farmed out Sexton to Fayetteville for a time to act as an incentive in keeping that team in the league. Doing the Lady Bountiful is all right when the position in the percentage column warrants it—and right here we'll add there is no one we'd rather pull the Red Cross for, than Fayetteville—but occupying the position we do, and the team badly crippled and sadly in need of material at the present time, for which subscriptions have been asked to asquire, its nothing more or less than suicidal to further cripple the Sailors in turning over one of our best pitchers to another team when we're shy enough of them ourselves. Why couldn't Raleigh have supplied the heaver, she having six and the Sailors have donated someone else. They tell us Wilson also furnished men; whom, we don't know, but they could have hardly been anybody but Holt, Anderson and Lane. We needed yesterday's game bad, and to have a Solar P- like the above come at a time like this, is to say the least, discouraging.
